Case Study Analysis Worksheet

Instructions: Summarize the Case Study and **BOLD the Normative Claim** (the claim that is to be considered). Discuss how to analyze the claim ethically from the aspect of virtue, duty, and utilitarianism. Then respond what you would decide.

Case Study - Example

Case study summary: *Ms. B is an aerospace engineer working for NASA and was overseeing two Companies; **one company was not testing enough or being very safe** for a program dealing with visiting crews.*

Virtue ethics says: *You should strive to reach potential and use prudence to determine the proper end to pursue.*

Duty ethics says: *You should have respect for the rationality and autonomy of other people.*

Utilitarianism says: *You should do something if and only if there is no other act that leads to better consequences for all involved.*

You say: *The unsafe company should be removed or made to increase their testing to reach safe levels for the astronauts involved.*
